Every opportunity for appeal from such classification by the local board has been retained and perfected, but proceedings have been greatly simplified. The tedious work of the local

We, I. W. Keys and H. W. Langston, having been on February 20, 1917, appointed commissioners by the Gallows Township Court to audit the accounts of H. B. Glibb, County Treasurer of Gallows county, hereby respectfully submit the following report:

We find from the said Treasurer's report, filed March 4, 1916, that said Treasurer is chargeable with \$17,007 1/2 balance left in his hands, distributed as follows: (General) Fund \$7,330.42, Road and Bridge Fund \$5,617.35, Court House Sinking Fund \$2,789.92.

ROAD AND BRIDGE FUND

We find that said Treasurer is chargeable with a balance in his hands on account of said Road and Bridge Fund, as shown by settlements filed March 4th, 1918, of \$ 8,967.83

Also the following charges as shown by the following vouchers -

The Murray High School football team will meet the Mayfield High School team in a game here next Saturday afternoon. The Murray team is in fine shape and this promises to be a hotly contested game and all Murray enthusiasts should turn out and help pull for the home boys.

Miss Earl Farmer and Will Hamrick were married Sunday afternoon at the Methodist parsonage by Rev. H. W. Brooks. Miss Farmer is the youngest daughter of Mrs. Mattie Earner and has been a valued employee of the firm of Johnson & Broach. Mr. Hamrick is a stone cutter employed by the Murray Marble Works.

Granville Cook, son of Judge T. P. Cook, of this city, who is in the cantonment at Chillicothe, Ohio, as a volunteer before his name was drawn, has been made sergeant major of the Eleventh battalion.—Hopkinsville Kentuckian.

Miss Lottie Fain and Joe Key were married Saturday afternoon at the west Murray parsonage by Rev. J. C. Cason. Miss Lottie is the oldest daughter of Tom Fain. His only son, Rev. Cletus Fain, was married two weeks ago. The groom is a son of Mrs. Curd Crawford. They will reside on Mr. Key's farm west of the city.

Dr. W. M. Mason left Wednesday for Chicago, and Rochester, Minn., to attend a series of lectures and other post graduate work. He will be joined by Dr. Newton Evans, now of Loma Linda, Calif. The Misses Hendrix and Maddox, nurses in the Murray Surgical Hospital, left Thursday to take advanced work in the Mayo sanitarium at Rochester. The policy of the local hospital has always been to keep up with the best in the land and that it is appreciated is shown by the large patronage from this and other states it enjoys.

A daughter was born the past week to Mr. and Mrs. Oron T. Keys, of Brookport, Ill.

The Calloway County Singing Association will meet with the Cherry Baptist church on Friday and Saturday, Oct. 2 and 3. Everybody come and bring your "Praise Divine" and "Guiding Star" song books. Also a box of "hog and hominy" and help make this our best convention yet. C. W. Adams, Sec.

Miss Eva Mae Waterfield was married to Virgil Stewart at the residence of the bride Wednesday afternoon at 2:30 o'clock by Rev. H. W. Brooks. Miss Waterfield is the oldest daughter of P. F. Waterfield, a graduate of the 1916 class of the Murray High School. She wore a green coat suit with taupe accessories and carried bride roses and lilies. Mr. Stewart is the son of J. W. Stewart, of Henry county and has recently purchased the Nash Willis farm south of town. They will make their home on this splendid farm after a few weeks' stay in Paris and Puryear. Only the relatives attended the wedding.

Murray has been in the grip of a coal famine for the past week or ten days and as a result the city school was compelled to dismiss Tuesday morning. A large number of business houses and homes are without fuel and the cold weather of the first of the week caused considerable unpleasantness. Farley Bros. received a small car of coal Tuesday morning on the local freight and within less than two hours was hauled away by eager patrons. A majority of the local coal dealers are having considerable trouble in securing their shipments of coal on account of the railway company confiscating the coal in transit. The supply in the city is entirely exhausted and hundreds of families are waiting for fuel.

NOTICE

In the past we have been very liberal with our patrons, giving them all the time that they thought they needed to pay their accounts. A number of accounts have been running an unreasonable length of time and we need the money, so we are forced to make a demand that all accounts made prior to October 1, 1917, must be settled before November 1, or satisfactory arrangements made with J. R. Kennedy for an extension of time. This applies to all accounts due

Dr. Mason & Evans, Dr. Mason & Mason, and my personal accounts. No accounts or notes past due are to be excepted from this demand and we shall consider a failure by anyone to meet the requirements of this notice as sufficient evidence that they do not intend to meet this obligation and we shall be forced to take such legal steps as may be necessary to collect the account.

You certainly remember our kindness to you when you were in trouble and you surely will not put us to the extra trouble of collecting by law, besides making unnecessary trouble and expense for yourself. (Signed) Will Mason, Jr.

Fuel Gas as Petrol Substitute.
 The shortage of petrol, as gasoline is known abroad, occasioned by the enormous quantities needed on the battle fronts, has resulted, in England, in the introduction of a fuel alternative. In England the use of motor-cycles for private use necessarily causes a standstill when the gasoline became scarce. But it is reported that motor-cyclists there soon discovered that fuel gas would serve just as well. A gas container in the form of a balloon is inflated on steel supports above the machine, giving the whole outfit the appearance of a zeppelin pup.

WOMEN SUFFERERS NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.
 Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.
 You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be dependent on irritables.
 Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.
 Get a medium or large bottle immediately from any drug store.
 However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Adv.

Memorial to Tom Thomson.
 A fitting memorial has just been erected in the wilds of Algonquin park to the late Tom Thomson, the distinguished young Canadian artist, who was drowned there last July, says the Toronto Globe. On the hill overlooking "Cano Lake," where Thomson lost his life, and whose beauties he had transcribed for an ever widening circle of admirers, there now stands a cairn built from native stone, and on its face a brass plate with the following inscription:
 "To the memory of Tom Thomson, artist, woodman and guide, who was drowned in Canoe Lake, July 8, 1917.
 "He lived humbly but passionately with the wild. It made him brother to all untamed things of nature. It drew him apart and revealed itself wonderfully to him. It sent him out from the woods, only to show these revelations through his art, and it took him to itself at last.
 "His fellow artists and other friends and admirers join gladly in this tribute to his character and genius.
 "His body is buried at Owen Sound, Ontario, near where he was born, August, 1877."

WILSON SETS OCT. 28 AS DAY OF PRAYER

PROCLAMATION DIRECTS US TO PRAY FOR THE SUCCESS OF OUR ARMIES.

FIGHT FOR WORLD LIBERTY

Divine Aid To Be Asked That the Cause for Which We Are Fighting May Triumph in the Great World Struggle.

Washington.—President Wilson, by proclamation, declares Sunday, Oct. 28, as a day of prayer for the success of the American arms in the war, in accordance with the recent resolution of congress.
 The president's proclamation follows:
 "Whereas, the congress of the United States, by a concurrent resolution adopted on the fourth day of the present month of October, in view of the entrance of our nation into the war and a war which now afflicts the greater part of the world, has requested me to set apart by official proclamation a day upon which our people should be called upon to offer concerted prayer to Almighty God for his divine aid in the success of our arms; and
 Whereas, it behooves a great free people, nurtured as we have been in the eternal principles of justice and of right—a nation which has sought from the earliest days of its existence to be obedient to the divine teachings which have inspired it in the exercise of its liberties, to turn always to the supreme Master and rest themselves in faith at his feet, praying for his aid and success in every hour of trial, to the end that the great aims to which our fathers dedicated our power as a people may not perish among men, but he always assisted and defended with fresh ardor and devotion and through the divine blessing, at least upon enduring foundations for the benefit of all the free peoples of the earth;
 "Now, therefore, I, Woodrow Wilson, president of the United States, gladly responding to the wish expressed by the congress, do appoint Oct. 28, being the last Sunday of the present month, as a day of supplication and prayer for all the people of the nation, earnestly exhorting all my countrymen to observe the appointed day, according to their several faiths, in solemn prayer that God's blessings may rest upon the high task which is laid upon us, to the end that the cause for which we give our lives and treasure may triumph and our efforts be blessed with high achievements."

RIDDER GOT GERMAN MONEY

German Editor in New York Received Twenty Thousand Dollars For Pro-German Work.
 New York.—Perley Morse, expert accountant, retained by Morton E. Lewis, state attorney general, to investigate the financial transactions in this country of Paul Holo Pasha, German spy and propagandist now under arrest in Paris, made public the testimony given by Adolf Paventz, former head of the banking house of G. Amstutz & Co., to the effect that he lent \$20,000 to the late Herman Ridder, publisher of the New York Staats Zeitung. Paventz has admitted that Holo's negotiations with Count von Bernstorff, the German ambassador to the United States, were conducted through him. Amstutz & Co. handled German funds for Holo. Paventz's testimony concerning the Ridder check was given on Oct. 19 but not made public at that time. "For reasons connected with the purposes of the investigation" it showed that \$15,000 of the payment came from Dr. Bernhard Dernburg, former German colonial minister and director of German propaganda in this country, but that neither Mr. Ridder nor any member of his family ever knew of Dernburg's connection with the transaction.
 In the reorganization of the Staats Zeitung, which was then effected, Paventz said, he became a director of the publication.

Germany Loses \$250,000.
 Amsterdam.—The Cologne correspondent of the T. J. reports that the German casualty list comprises killed, wounded, prisoners and missing, from August, 1914, to September, 1917, fills 26 folio volumes of 22,000 pages. He calculates the total number of names at \$250,000.

TO RAISE RECREATION FUND.
 New York.—A national campaign to raise \$4,000,000 to provide recreation for the men training in the national army will be inaugurated. It was announced here, by the war and navy commissions on training camp activities. John N. Willys, of Toledo, Ohio, national chairman of the commission, will have the co-operation of the Young Men's Christian association and the Knights of Columbus. It is aimed to raise money equivalent to \$3 for every man in the training camps.

FEELS LIKE SHE DID 40 YEARS AGO

Mrs. Sarah Lavery Had Begun to Think Her Time for This World Short.

JOINTS ALL SWELLED

"I Wouldn't Take Ten Dollars a Bottle for the Good This Tonic Is Doing Me," She Declares.

"I was on the flat of my back in bed with nervous prostration when I started taking Tonic, but now I feel as well as I did forty years ago," said Mrs. Sarah Lavery, 533 Hargrove street, Nashville, Tennessee.
 "I had been in a bad fix this way for a long time," she continued. "My stomach would give me severe pain and I had fearful sick headaches and attacks of dizziness. My kidneys were affected and I began to have rheumatism of the very worst kind. My joints were all swelled and my hands were puffed up. I was so nervous and unstrung that I had begun to think my time for this world was short."
 "Well, sir, I wouldn't take ten dollars a bottle for the good this Tonic is doing me. I feel twenty years younger already. My nerves are as quiet as a lamb. I can eat anything I want without the least bit of trouble and my rheumatism is disappearing. I can do my knitting now since the swelling has gone from my hands and joints and I am in a good humor all the time. I feel like nothing but Tonic could have done all this for me, and I want everybody to know about it."

Time to Fight Mice.
 The time to fight mice is when you have a still of rice. First make a hard and fast rule that not a crumb of food is left exposed in kitchen, pantry or cupboard. See also that in the bedrooms of your home no waters or other tasty bits are left where a mouse might get them and thus find encouragement to take up his permanent abode there.
 The next thing to do is to cut off the means of entrance to your home, and this is done by seeing that there are no loose passages into the cellar or open cavities in the wall or loose window sashes. As a final resource, you will perhaps have to choose between a mouse trap and a cat. It all depends on your affinity for the feline pet which you will do. But remember that, whereas permitting mice to lodge in your house was formerly only an act of slothful neglect, it is now one of the crimes of wastefulness, of which no patriotic woman should be guilty.—Exchange.

An Army Dentist.
 A gunner of the Garrison artillery, who had successfully passed a blacksmith's course, was home on furlough, wearing the hammer and pinners on his arm, when he was accosted by a civilian, who asked what the decorations were for.
 "Oh," replied Tommy, "I'm an army dentist."
 "I see," said the civilian. "Of course the pinners are for extracting teeth. But what is the idea of the hammer?"
 "Well, you see, it's like this. Some of the chaps are a bit nervous, so we use the hammer to chloroform them with," was the reply. London Times.

No Great Loss.
 "Why, ma'am," said Private Rogers, "the roar of them big guns was so fierce in the trenches we couldn't hear ourselves think."

Thedford's Black-Draught

Men and Women
 need the help that Thedford's Black-Draught can give them in cleansing the system and relieving the troubles that come from Constipation, Indigestion, Lazy Liver, etc.

In choosing a medicine for these conditions, be as careful as you are about choosing your food. You want nothing but the best. You want a medicine that will act promptly and always the same; a medicine carefully prepared, from the best material, put up by a house of long established reputation, with that reputation standing squarely behind it.

Where can you find a medicine that meets all these conditions so well as Thedford's Black-Draught?

Remember, too, that Thedford's Black-Draught is made from pure medicinal herbs, carefully mixed in the right proportions, ground to a fine powder and packed in compressed, practically air-tight packages. Pills and tablets do not always dissolve in your stomach. Black-Draught is acted on instantly by the gastric juices. It is a natural herb remedy, and acts in a natural way on the system.

Imitation powders put up to look like Black-Draught are not the same and should not be accepted in place of Black-Draught. No imitation can ever be as good as the genuine. You know that.

To be sure of getting the genuine always ask for "THEDFORD'S BLACK-DRAUGHT." Examine the label and refuse all substitutes.

Don't Peel a Banana Skin! That's All! "I should worry about those corns just put some 'Gels-it' on." "The moment you put the world into a frenzy, enduring pain, distress, itching toes, tinkering with plasters."

"Gels-it" Puts Your Feet in Clover—Ends Corns Quickly, and keeps them from coming back. It's a cure so it wouldn't hurt. But now no one in the world "should worry" about corns. It means the end of a corn. There is nothing in the world like "Gels-it"—nothing so sure and certain—nothing that you can count on to take off a corn or callus at any time, and without danger. The corn never grows that "Gels-it" will not get. It never irritates the flesh, never makes your toes sore. Just two drops of "Gels-it" and presto! the corn-gain vanishes. Shortly you can peel the corn right off with your finger and there you are—free and happy with the toes as smooth and comfortable as your skin. Never happened before, and it's Gels-it! DRAFT PROBLEM SOLVED

(Continued from First Page) boards has been practically eliminated by the production of a form to be known as No. 100,000, which will be the foundation stone of the new system. Through its use all the laborious work of making and posting lists has been eliminated. All of the old docket sheets and records will be made unnecessary and by the arrangement of its column the work of the local board will be reduced to a minimum.

"On this new form the complete history of each man's case will appear at a glance. Beginning with his order number and ending with his induction into a military camp, while at the close of each day's work the local board is enabled to complete in a few minutes with a rubber stamp what has hitherto taken hours to complete. The system is such that it will present each case automatically to the local board.

"The completion of the new system will solve problems which have confronted the provost marshal-general and caused him much concern.

"One of the most serious of these has been keeping together the great organization of local and district boards which from a numerical viewpoint, is the strength of an army division. Many of these officials have been clamoring for relief on account of the drain on their time, and the new system will make it easily possible for them to continue

their duties for which they have proven themselves eminently fitted.

"Another problem solved was the question of expediency of continuing the examination of the entire registry, thus fixing each man's status. This would have involved a medical examination of each man, whose physical condition might change from day to day, thus making this great undertaking valueless.

"Again under the old system of exemption and discharge it would have been necessary, if the national need required it, to send for the exempted man to return for physical re-examination, while in the meantime his industrial or family status might have changed, thus involving endless appeals and confusion.

"The new system fixes a man's class and calls him in his proper turn when he is needed. He will be examined physically only when needed. Thus the labors of the medical officers will be called for only when required. If the nation needs a half million men, they will respond each in his turn fixed by his class.

"The man who can least be

spared, either as the head of a family or the head of a business necessary to the defense of the nation, will be the last to go.

"The new plan is being made ready for the printer and will be submitted to the local and district boards in ample time to enable them to familiarize themselves with it, and thus approach their next draft with a thorough knowledge of its requirements."

protected, and the most of those caught and killed by the frost were those which were still in the field because there was no place to house it.

From the time the plant beds were sown until the tobacco was cut the seasons were as near ideal as could be. The rains fell just right to get the tobacco transplanted in the best of shape and they kept falling frequently and kept the plants growing vigorously, yet not keeping the ground so wet but what it could be cultivated whenever it was really needed. Then when the cutting season came on the weather ruled cool and often cloudy but with much rain, which allowed the farmers to handle it in the best of shape. Had it not been for this, heavy loss would have come about at that period, for labor was so scarce that no farmer had enough men to make a quick job of it and tobacco cutting was in active progress for a full month or more.

But it is now all in the barn and cured, and the next step will be to strip it out and prepare it for market, and every few days show the crop to inquisitive buyers. Perhaps much of it will be sold at the barn door, but in any event the public sales during the coming season promise to be very active. —Hopkinsville New Era.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Murray. No Murray resident who suffers backache, or annoying kidney ills can remain unconvinced by this twicetold testimony:

Mrs. S. J. Pool, Curd St., Murray, says: "I suffered for a long time from kidney trouble. Mornings I was all tired out, nervous and had headaches. My sight was blurred and I often had dizzy spells. When I stooped sharp twinges darted across the small of my back. I heard of Doan's Kidney Pills and used them as directed. They gave me relief and since then I have taken them whenever I have felt any kidney trouble coming on. Doan's Kidney Pills have kept all complaint away."

SOME YEARS LATER, on November 3, 1916, Mrs. Pool said: "I consider Doan's Kidney Pills an excellent medicine and am glad to recommend them. They cured me of kidney trouble and I have not suffered from it since."

CIVIC BODIES AND PRESS FAVOR THE AMENDMENT

There is wide spread interest throughout the state in the constitutional amendment pertaining to the purchase of one telephone company by another, which was adopted by the legislature, and which will be voted upon at the coming November election. Chambers of Commerce and civic bodies in a large number of communities have adopted resolutions endorsing the amendment and pledging their efforts towards its passage. Newspapers throughout the state are also endorsing the amendment and are urging the importance of a favorable vote by the people.

The amendment to the constitution, which is made a part of Section 20, is as follows:

"Provided, however, that telephone companies may acquire by purchase or lease, or otherwise, and operate, parallel or competing exchanges, lines and structures, and the property of other telephone companies, if the railroad commission or such other state commission as may have jurisdiction over such matters shall first consent thereto, and if, further, each municipality wherein such property or any part thereof is located shall also first consent thereto as to the property within its limits, but under any such acquisition and operation toll line connections with the property so acquired shall be continued and maintained under an agreement between the purchasing company and the toll line companies then furnishing such service, and in the event they are unable to agree as to the terms of such an agreement the railroad commission or such other state commission as may have jurisdiction over such matters, shall fix the terms of such agreement."

Chambers of Commerce which have passed resolutions favoring the amendment are those at Bowling Green, Frankfort, Lexington, Shelbyville, Henderson, Middleboro, State Chamber of Commerce of Louisville, and others. Quite a number of newspapers have endorsed the amendment editorially, both at points where there are two telephone systems and in cities where there is only one system.

The Anderson News, Lawrenceburg, Ky., says:

"Two telephone lines in any community, both contending for supremacy, are a perfect nuisance. Two telephones in a private residence are too expensive to maintain; two telephones in a business house are an expensive necessity; therefore the General Assembly has come to the rescue of the people if they will accept its assistance and go to the polls in November and cast their vote for this amendment."

The Danville, Ky., Messenger says:

"It is hoped that the people will remember and vote for this amendment, as it is the only way in which the public in some localities will ever have decent service."

The Interior Journal, Stanford, Ky., says:

"The Interior Journal favors the amendment and will vote for it. The system advocates the demand, and two are as annoying as they are useless. The demand is for good service, not for multiplicity of exchanges. Then, too, the expense of two systems must be considered. This is just double, and in some cases more than double. (It) no, don't give us more telephones, exchange, but better service. This is the need of the hour. The amendment ought to carry."

The Bowling Green, Ky., Times Journal says:

"We cannot too highly commend the Chamber of Commerce in its efforts to secure the adoption of this amendment by the voters. The Times Journal is for the amendment, and will add its efforts to those of the Chamber of Commerce to bring about the adoption."

The Paducah, Ky., Sun says:

"The public interest is thoroughly protected under the proposed constitutional amendment, as no purchase can be made without the consent of the city council. The passage of the bill providing for the constitution amendment and the practically unanimous vote it received in the General Assembly is evidence that it was passed in response to a wide spread and popular demand for relief from present telephone conditions."

The Middleboro, Ky., Three Stars

"Three States has for a number of years in the past been a constant agitator for the one telephone system, showing where the one system could better and more economically serve the public than two or more systems. The expense of two systems is tremendous upon the public and the maintenance and continuing of having the walls of houses and barns lined with wires, where one could do the work is certainly much more than the value of the one system."
